# RIDE Data Portals

Rhode Island Assessment Data Portal (RI-ADP) – public access

Student Data Portal (SDP) – confidential access only

# What is the public Rhode Island Assessment Data Portal?

- Currently accessible through the RIDE website:  
[www.ride.ri.gov/RI-ADP](http://www.ride.ri.gov/RI-ADP)
- State assessment data displayed at the statewide, district, and school levels
- Download “Quick Reports” of compiled data at state, district, or school levels
- Create custom reports for an assessment by filtering for district, school, student group, and/or grade
- Compare multiple schools and districts with the same assessment filters
- Export (CSV) and print (PDF) customized reports

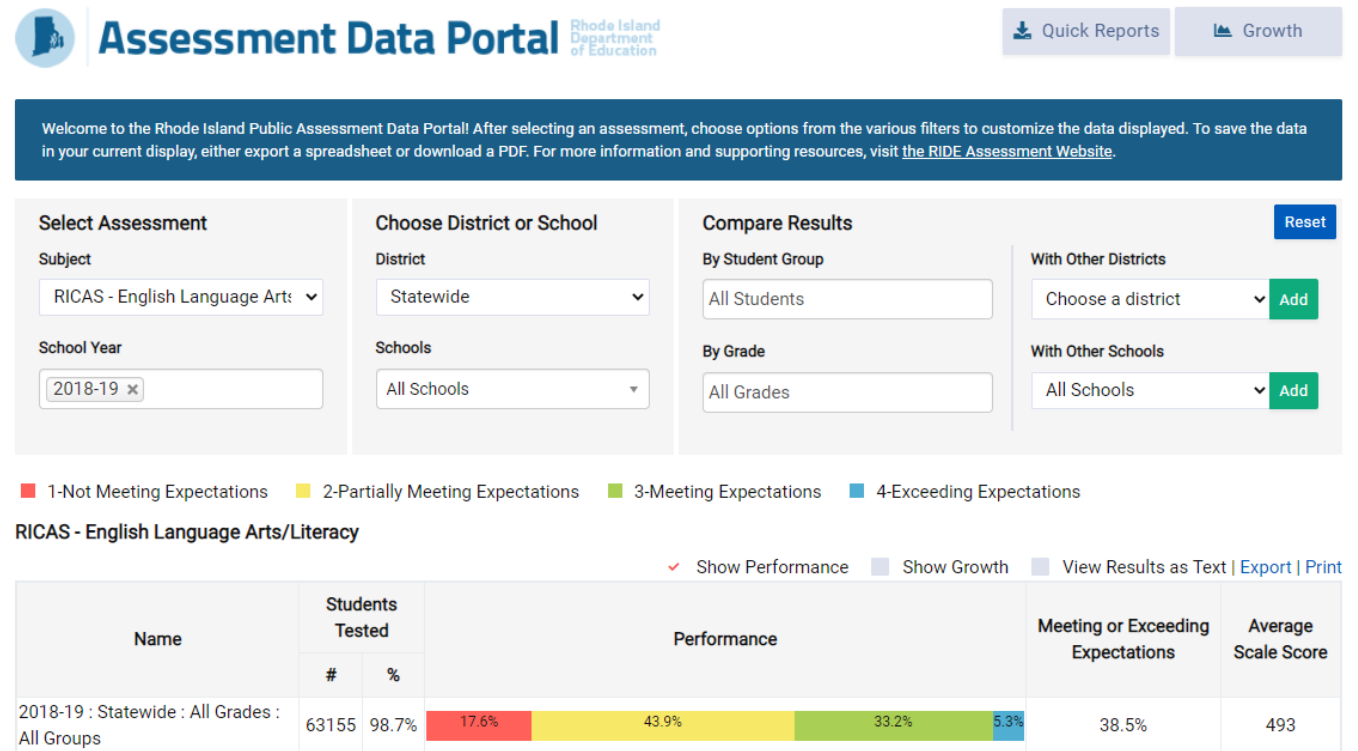

# Notes about the Data Displayed

- Aggregate data only are displayed; to ensure confidentiality, the following cases are not displayed in the custom reports or Quick Reports:
  - Filters or selections resulting in student groups less than 10
  - Student performance where greater than 95% of students did not meet expectations
  - Student performance where greater than 95% of students met or exceeded expectations
- For RICAS and SAT, a “Show Growth” option will appear on the chart table – if selected, it will display:
  - A bar chart for the percent of students at each level of growth (Low, Typical, High)
  - The Average Growth Percentile
- For ADA compliance purposes, the filters are keyboard navigable and the chart results can be displayed as text only through a toggle
- “Reset” returns the filters and chart to the default display of statewide data for all students for the most recently released assessment

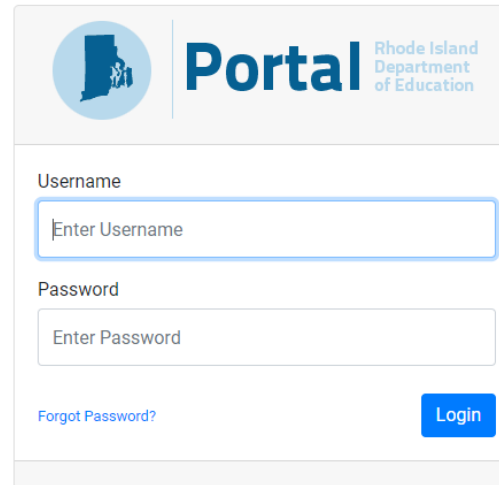

# RI-ADP Live Demonstration

- Download Quick Reports at state, district, school levels
- State-level custom report
- District-level custom report
- School-level custom report
- Multiple filters added/removed
- Comparison between multiple districts and schools
- Export and Print custom reports
- Interactive Growth via Tableau

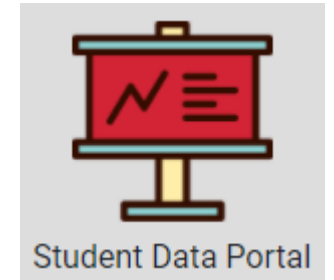

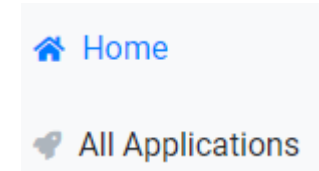

# What is the confidential Student Data Portal?

- Coming soon – will be accessible by *educators only* through the RIDE Portal
- Provides role-appropriate access to confidential student-level statewide assessment performance to educators
- Users can view aggregate data at their role level, plus drill-down to teacher, class, class section, and student-level data

The screenshot shows the login interface for the RIDE Portal. At the top left is the RIDE logo (a blue circle with a white outline of Rhode Island). To its right is the word "Portal" in large blue font, followed by "Rhode Island Department of Education" in smaller blue text. Below this is a login form with two input fields: "Username" with a placeholder "Enter Username" and "Password" with a placeholder "Enter Password". A blue "Login" button is to the right of the password field. A link "Forgot Password?" is below the username field.

# Example of SDP Student Profile

- Student Profiles currently contain Attendance, Enrollment History, and State Assessments student-level data, displayed according to user role permissions
- State Assessments lists entries for all assessments that particular student took,
- Each assessment entry contains information specific to that assessment, typically including achievement level information, and subscores (if applicable)
